

# USDA Planting Hardiness Zones

Average Annual  
Minimum Temperature

| Zone | Temperature<br>(degrees Fahrenheit) |
|------|-------------------------------------|
| 1    | Below -50                           |
| 2A   | -45 to -50                          |
| 2B   | -40 to -45                          |
| 3A   | -35 to -40                          |
| 3B   | -30 to -35                          |
| 4A   | -25 to -30                          |
| 4B   | -20 to -25                          |
| 5A   | -15 to -20                          |
| 5B   | -10 to -15                          |
| 6A   | -5 to -10                           |
| 6B   | 0 to -5                             |
| 7A   | 5 to 0                              |
| 7B   | 10 to 5                             |
| 8A   | 15 to 10                            |
| 8B   | 20 to 15                            |
| 9A   | 25 to 20                            |
| 9B   | 30 to 25                            |
| 10A  | 35 to 30                            |
| 10B  | 40 to 35                            |
| 11   | 40 and Above                        |
